

How sad is this? Are you willing to stand by and watch our Democracy destroyed by big money, big media. These are our airwaves. Not yours, not Sinclairs. You work for US, the American People. Don't ever forget that. Show some integrity (or is that just too rare these days?), show you are not being bought. Revoke the licences of Sinclair Broadcasting if they air this partisan, lying propaganda. Money should not be able to overturn Democracy. But that is what is happening. Stop it. Do I have any faith that you will act responsibly. I don't. You have only shown irresponsible greed by allowing these big media consolidations. I have lost all respect for the FCC. Our only hope is to remove you people from decision making posts. Don't think we will forget!

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
